

THE PCA ALCOHOL USE POLICY

The consumption of alcohol during competitive driving events is forbidden. After the competition has been completed, a driving event can be treated like any other gathering of PCA members. At such gatherings of PCA members, the availability of and consumption of alcohol is not forbidden. Further, PCA insurance policies do not prohibit the consumption of alcohol at PCA gatherings.

However, good risk management practices require a common sense approach to the administration of PCA gatherings where alcohol is available. Many Regions already utilize intensive and well thought-out practical measures to control the availability and consumption.

There are a number of risk management techniques available and Regions are encouraged to share techniques that have been utilized successfully with fellow Club members.

PCA's objective is to practice good risk management at PCA events in order to protect our Club and its members from incidents and accidents.
