

Kent Ketterman

As a lifelong car enthusiast, I've always wanted to be a part of the car scene with like-minded individuals. I'm eager to take on the challenge of growing the club and continuing the long list of activities my predecessors have created and nurtured. The Hill Country Region is a social club after all so a focus on people events would continue if I am successful in my candidacy.

The experience gained during my 35+ years in project management will prove invaluable. Understanding how to best apply policies and standards, successful conflict resolution, budgeting, cost and schedule control all combined with interpersonal relationships will be at the heart of my time as an elected club officer.

- Current HCR roles: Community Service Coordinator, Tech Session Coordinator and Member-at-Large of the Executive Counsel
- Previous HCR positions: Member of the 2024 Pick-Yer-Tour Weekend organizing team
- HCR event volunteer: Teen Survival School Coach
- Retired Project Manager of an International Oil Company
